

Hope Lutheran Church

January 2022

From the Pastor,

Happy New Year!

Will 2022 be better than 2021? I hope so. 2021 was better than 2020. So better doesn't mean "better" any more, just better different. 2020 was different from 2019, but not better.

God was with us in each year. God will be with us in 2022. We must approach each day trusting that God will be with us that day. We should even invite God to be with us that whole day. Paul says that if we allow Christ to live in us we no longer live for ourselves but we live for Christ.

Living for Christ means putting the will of God before our will and needs and desires. Our decisions made are in view of what is best according to God's will and what is best for others around us. When we can achieve this then we can truly love ourselves without it being a selfish love or decision.

However 2022 will be different or similar to the past years is unknown. What is known is that we can trust God to be there already while still being here; this year, right now with you.

Happy New Year to you and God with you!

Spray a 9x13 pan with Pam spread one bag of Fritos on the bottom. Sprinkle half the bag of chocolate chips over Fritos. In a large saucepan combine sugar and corn syrup over medium heat.
