

Hope Lutheran Church

October 2024

From the Pastor,

Many of you are aware that my sister, Char, had a brain episode in June. Life drastically changed for her, Kathy and me. She enjoyed her new life in Nebraska.

She was happy. She also slept most of the time. She asked me why everyone was trying to get her to go to blanket making and other places because she wasn't bored and her life was full. She was busy just not their busy and she was right. She was content.

Beginning mid-July she stopped sleeping during the day. She now realized she was bored. She has been diagnosed with two types of dementia so while bored she cannot remember simple instructions from being given them to five seconds later putting the instructions to use.

September 9th she gave me permission to find a place for her to live where she wouldn't be lonely or bored. By 5:00 p.m. September 10th we think we found the perfect place for her. The week of September 23rd is stressful trying to pack with someone who cannot remember why you are taking their things.

This is all *deja vue* to the third degree. My grandfather and mother had Alzheimer's and my dad had a different kind of dementia. We see all three people in Char's actions.

As you can see Kathy and I have been under stress. I also have been trying to finish/start Grace and Hope's family program entitled Faith Forward.

Sometimes the unasked question screamed silently is "WHERE IS GOD IN ALL THIS!!"

The answer to this question is God was in Grace and Hope. Thanks to the members who helped her not be bored or lonely. We did our best but it takes a village to raise our child. And the village our church family was there for us. I am grateful that we were able to informally form a Monday night pickleball club. People stepped up to love my sister and I thank you. People loved us and asked us how we were doing. Thank you. People were understanding and not judgemental. Thank you.

Where was God in all this? God was at Grace and in Lincoln guiding us to help Char. Thank you.

In 2010 our mantra was "Faith and Trust." This year sometimes we forgot to remind each other of that, but we did pray often for help and strength and patience. We did receive it when needed or eventually.

Where is God in all this? God was in our hearts and faith. Just sometimes God takes a while to speak up but when God does speak, listen and be grateful.

Again thank you to God and our church family. It's not over now that we moved her. Experience tells us the worst is yet to come but we have hope that we can deal with it because why would God stop helping her, us now. Faith and Trust and trying not to worry about the future until the future is today.

Pastor Jim

Cultivating Love: Cultivating Love through making connections. Faith Forward will be holding workshops to help adults connect with the children in their lives. I will be attending the Fall Leadership Gathering where I can network with fellow pastors/faith leaders about opportunities and things that concern Grace/Hope. In 2012 I sat at a table at breakfast with the intent to listen to others talk and just eat my breakfast. I ended up with a 5 year plan for Mission Fest.

The call to not be afraid to cultivate love through meeting new people or challenges. Cultivate love by staying connected to the people we already know and learn to enjoy and appreciate these relationships.
